# Make your special editions stand out

Please note, other than a dust jacket for hardbacks, these options are not available for print-on-demand books.

## Make a strong impression with your cover

- **Foiling:** Adds metallic shine to the cover or spine for a premium, eye-catching finish.
- **Embossing:** Creates raised designs or text on the cover, adding texture and a tactile feel.
- **Spot UV:** A glossy, raised coating applied to specific areas of the cover, creating a tactile effect that adds depth and contrast.
- **Matt or Gloss Lamination:** A protective film applied to the cover, available in matt for a smooth, non-reflective finish or gloss for a shiny, vibrant look.
- **Dust Jacket:** A removable paper cover for hardbacks, featuring artwork and text for extra protection and visual appeal. Printed paper case optional, or,
- **Wibalin:** A durable, textured paper material used for binding, offering a high-quality, fabric-like finish.
- **Limp Fold Cover:** Simulates a dust jacket for paperback books, with additional cover flaps that fold out for a more elegant presentation.
- **Sticker Line:** Our latest machine technology applies stickers directly to books, such as "2024 Best-Selling Novel" labels, for a professional and impactful touch.

## Attractive Interior options

- **Printed/Colour Endpapers:** Custom designs or patterns printed on the inside hardback covers, enhancing the book's aesthetic.
- **Tip-ins:** Special inserts added by hand, such as a fold-out map, which can be opened and folded back into the book.

## Enhance your book's edges

- **Head and Tail Bands:** Decorative fabric bands at the top and bottom of the spine, giving a classic, polished look.
- **Sprayed Edges:** Solid colour applied to the book's page edges for a striking visual effect.
- **Digitally Printed Edges:** Custom images or patterns printed on the edges of the pages, adding uniqueness. Partner with our fore-edge artist, Holly, to create a design, hand-painted on small print runs or digitally reproduced for a large print run.

## What next?

Quotes for these options can be provided once book size, page count, illustration placement, paper quality, and order quantity are known.
